Initiating the meeting, Shri Pradeep Dhobale, welcomed the members of the Development Council and expressed optimism for growth and progress of Indian Paper Industry in context of the improvement in present and projected GDP growth rate of the Indian economy. However, he said that though the macro economic indicators have shown a positive trend, the same growth has not been visible in paper sector as of now, and a growth rate of more than 6% may be a difficult task to achieve in the next five years.

Future trend in paper demand in context of increasing emphasis on Digital India vis a vis growth in on-line selling / e-commerce was also deliberated upon.
