Hon'ble Authority,

With wholesome respect to your good self authority & all the authorities including of all the people of power & poverty without any prejudice and hostility.

I may tender that for the last few years, the depravity growth-up to grasp our democracy badly. The life preserving medical-profession is being symbolised as "Snakes with Wings". The life and liberties of indigent are treated as "Neglect" by few greedy people to acquire the power and of their own insecurities of becoming of powerless. They selfishly involved in misusing our government exchequer as their "Birth-Right" i.e. also called "Abuse of Authority", which is an absolute corruption.

The protectors of men, women and children's liberties have become perpetrators believing themselves faceless but to lead criminal tort secretly everywhere for the purpose of conflicts and hassles. In past few months, the attempts of life taking were made depravely by the perpetrators. But they have forgotten that the Rule of Law follows everyone --- that is why the laws and RTI act are made for.

Due to the above grave scenerio, I am compelled to raise my RTI for your kind reply and to provide documents on priority, if possible within 48 hours from the receipt of this RTI appeal.
